Dear Mr. DeMike:

Avizent is the claims administrator for Alabama Guarantee Assoc/Delphi B and are handling your above referenced workers' compensation claim.

We have received the medical records from Dr. Scott Powers/Cullman Physical Medicine, these records have been reviewed and it has been determined that there is no indication that your current condition and symptoms are due to your original injury from 1991. Therefore your claim for workers' compensation benefits/treatment is therefore being denied.

If you have any questions or have additional information that will alter our position please contact me.

Sincerely,

  
Sandra Moore  
Claims Adjuster
